

# Health & Safety Policy Statement

## Hayfield Angling Club

Hayfield Angling Club (“the club”) places the utmost importance on Health, Safety.

It is the clubs objective to provide a safe and healthy environment that fully meets the requirements of the Health & Safety at Work Act 1974 and associated legislation, for all members, their guest & members of the public that be affected by the clubs activities.

The club will, so far as reasonably practicable, provide and maintain the provisions to safeguard all those affected by the working & recreational activities of its members.

This Health & Safety Policy statement and the associated Health & Safety documentation represent the policy and system against which the club will monitor and assess its Health & Safety performance. Every person has a legal responsibility, (a duty of care) to look after their own and others health & safety and comply with this policy and club rules and any other health & safety documentation issued by the club.

Regular site audits will be carried out to ensure health & safety arrangements are of an excellent standard and rules and procedures are being understood and followed. Health & Safety procedures will be reviewed annually or when current legislation is updated or new legislation comes into force or when risk assessments are amended in light of accidents or reported undesirable events.

Review Date: January 2018
